

House Rules Conversation Role Play

During the second part of this assessment, we would like you to prepare a 10-minute role play scene.

Imagine that you and your friends are moving into a flat/house together. You have found a place, paid your deposit and are preparing for the move. However, before you all move in, you've decided that it would be a good idea to set some 'ground rules' - guidelines ensuring that you can all live well together.

During the scene, each group member should propose at least one rule. The scene should demonstrate how you would approach this type of discussion. It should also show your ability to compromise and be respectful of each other's opinions - with suggestions being agreed upon or rejected. By the end of the role play, you will have concluded your ground rules, which you can then read out as part of the scene.
